

right between the lies

(Verse 1)

Darkness and Loneliness.
I hear the silence within.
Emptiness and regretfulness.
I feel the numbness begin.

(Verse 2)

In this room so dark and cold.
I feel the walls closing in.
I need the warmth of your hand to hold.
To feel your warm from within.

(Chorus)

I know you've been hurt before, and you've kept it deep inside.
And I know you've heard it before, right between the lines.

(Verse 3)

Days pass and the nights are long.
Believe me when I tell you.
Like a fool do I sound to you?
I wish I knew what to do.

(Chorus)
